

MODULAR AND CUSTOM UNITS

ensive line of cultured marble products, including sinks, vanity tops, paneling, and custom-casted products designed for both beauty and durability. Cultured d by blending specific amounts of polyester resins, fillers, and pigment. The cast into molds which are gel coated for a high-luster and durable finish. We t of standard and custom-blended colors and can match all major plumbing s' factory colors.

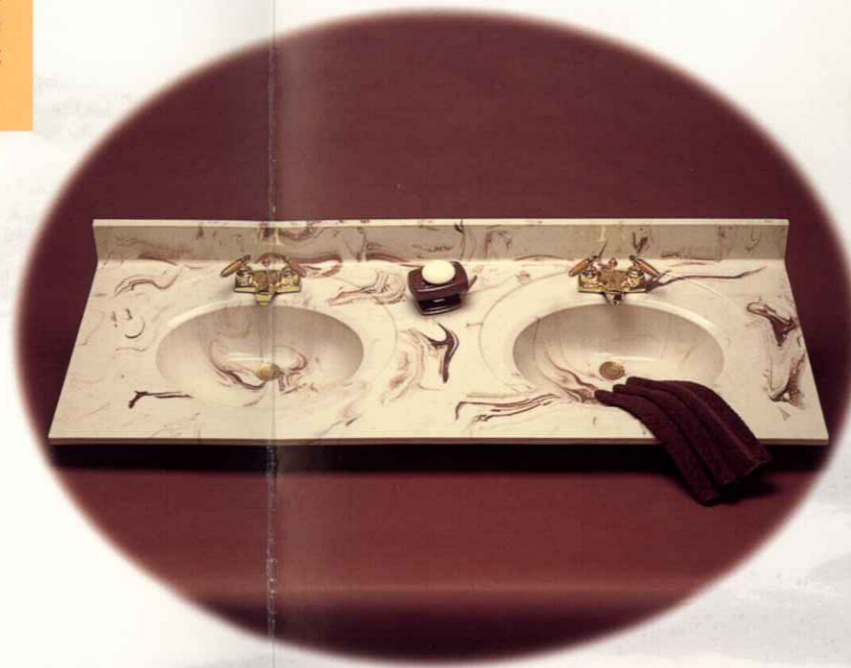

MODULARS

Single bowl modulars pictured above are available in 19- and 22-inch depths, with oval or shell designs. All have recessed flow-back rings and 4-inch backsplash as well as no-drip edging and standard 4-inch center-to-center faucet drilling. (Other center-to-center faucet drilling available.)

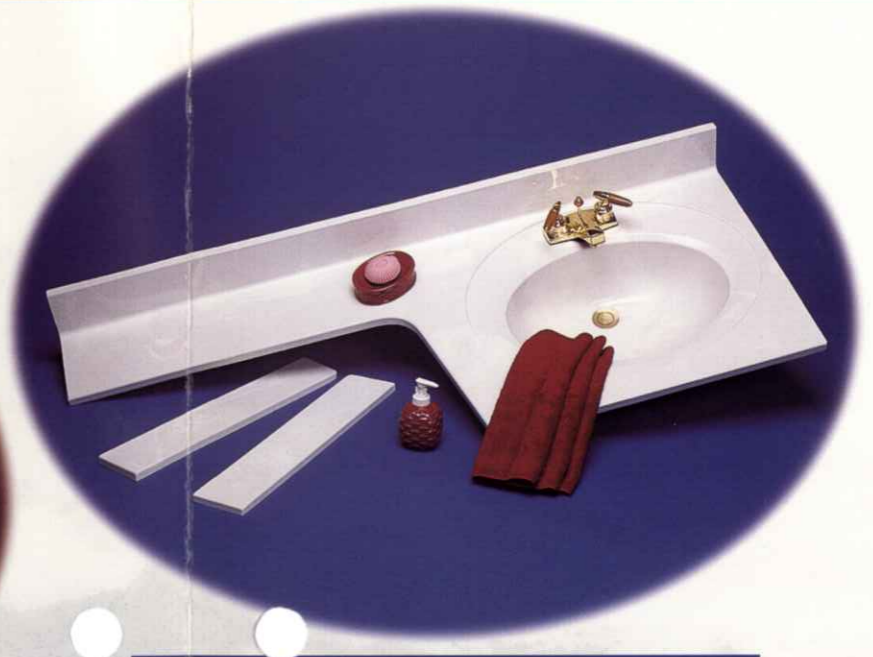

GRANITE

Featured to the left is our 37-inch by 22-inch modular in sand granite. Cultured granite is available in modular as well as custom configurations. See sample color section.

CUSTOMS

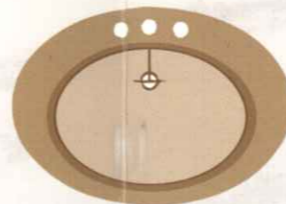

Custom units are available in a variety of lengths and sizes from 24- to 120-inch lengths and 19- or 22-inch depths. Multiple bowl units are available, limited only by the length of the unit. Our 61-inch double oval vanity is pictured above in walnut on bone.

CUSTOMS (SPECIAL CONFIGURATIONS)

Special configurations, such as banjo, angular, and "L"-shaped tops, with custom depths, allow customers to express individuality and imagination. Our banjo version is pictured above with a set of side splashes in white on white. A variety of configurations can be achieved by using specially designed mold templates.
